### FINAL ACTIVITY REPORT

A Win for Families, Farmers, and Local Economies

In 2019, the State of Oregon appropriated \$1.5 million in one-time funds to support the expansion of the Double Up Food Bucks program during the 2019-2021 biennium. This report highlights the impacts and successes of that investment, showing that a state investment can leverage additional federal funding to increase the purchase of fresh fruits and vegetables by SNAP participants. Double Up Food Bucks is **a triple win** that helps families bring home more fruits and vegetables, boosts business for family farmers, and ignites local economies.
